LIST OF PUBLICATIONS (SEPTEMBER 2018)

Paweł G. Walczak

1. A proof of some theorem on the $C^\infty$-functions of one variable which are not analytic, Demonstratio Math. 4 (1973), 208–213.
12. (jointly with W. Waliszewski), Geometria różniczkowa w zadaniach (Differential geometry in problems; in Polish), PWN, Warsaw, 1981.

Typeset by AMSTeX
43. (jointly with J. Kalina and A. Pierzchalski), Only one gradient can be elliptic, Ann. Polon. Math. 67 (1997), 111 - 120.
44. (jointly with A. Biś), Pseudo-orbits, pseudoleaves and geometric entropy of foliations, Ergodic Th. & Dynam. Sys. 18 (1998), 1335 – 1348.
